Summer Reading Program:

It is my pleasure to say that the library is open and the summer reading program is has started! Did you see the flyer with all the details in the City of Orange City Utility bill? As I write 168 people have already registered using the Read Squared app, or online at http://orangecitylibrary.readsquared.com/! Paper logs are available in the library and after hours in literature holders outside the library building. There are reading challenges and activities that unlock at the different levels. Programs once hosted in the library will be online this year to minimize social gatherings. Each program will be available for one week which means you can watch more than once! There is something for everyone. Enjoy events for the whole family, youth programs, clubs, teen programs and programs for adults.

Hours:

- The library is open to the public from 10:00 am –5:00 pm, Monday, Wednesday and Friday.
- Tuesday and Thursday, from 10:00 am –5:00 pm, are designated days for persons in the high-risk demographics.
- No contact pickup may be requested. Please call the library for more details on this service.

The Library is staffed Monday through Friday 9:00am – 5:00 pm. Please call or email for help or information.
