it's time to play - 2018 summer rec registration may 1

It might not seem like summer weather lately, but we are currently rolling out our summer programming to the public in the next two weeks. What can you expect? There are about 50 different options to choose from. One of the things to really appreciate about Orange City is the joint efforts we have in our community to offer such great programming for our youth and adults. Programs range from theatrical programming and ceramics, all the way to baseball and softball.

May 1 at 8:00 am online registration will start, but families will be able to go to orangecityiowa.com/activities/summer-recreation the next couple weeks to view the many different options that will be offered.

Can't wait to see you all out there this summer!

septic pump bandits

Is your septic pump running in your basement? Do you know where it discharges your excess water? If your pump hose is connected to your drain line, you are contributing to a major problem! With the infiltration of rainwater during large downpours or wet seasons, sewer lines may become overloaded and cause backups in basements or overflow at lift stations & the sewer treatment plant. City ordinances only allow septic pumps to drain into sanitary sewers from October 15 – April 15. Remember to reconnect septic pumps to an outdoor outlet.
